

Steel Barrier - 610 Single Rail

Tru-Gard Barrier - 610 Single

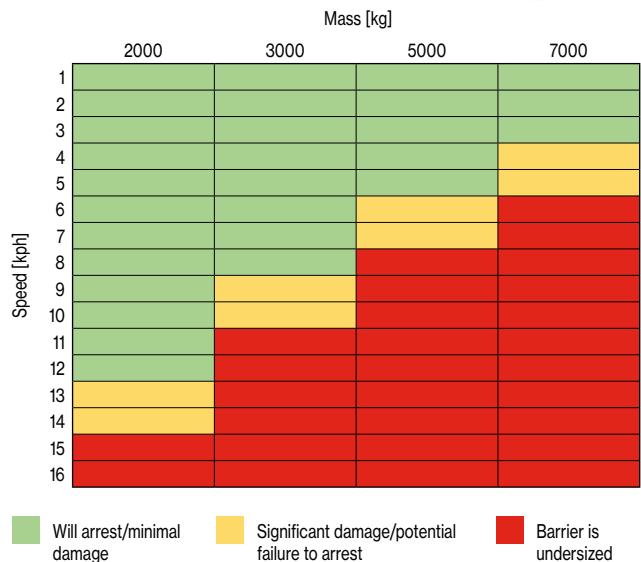

Tru-Gard 610mm high single rail is a certified safety barrier system used for traffic management and protecting against forklift injury to personnel and damage to buildings and assets e.g. cool store walls. Not recommended for walkways due to its lower height.

- Modular system can be configured to your required site layout
- Post centres of 1.1m ensure that every impact is absorbed by a post
- The 610mm high single rail stops 7T at 3.5km/h
- Compliant with AS/NZS 11701-1 Section 3.8

CODE	DESCRIPTION
610-1	Steel Barrier 610mm High - Single
