

TECHNICAL SPECIFICATIONS

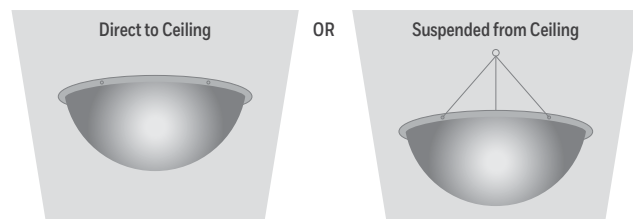

Mirrors

Dome Mirrors

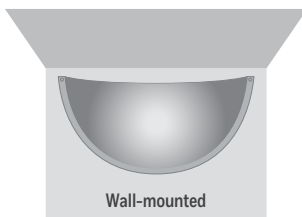

SAFETY, SECURITY & VISIBILITY

- Material: 2mm or 3mm acrylic face
- Finish: Pure reflective coating
- Mounting and fixings:** All dome mirrors are supplied with dome cap screws and rubber washes for direct wall or ceiling mounting. The Full Dome Mirror also includes a suspension kit (with screws) for hanging. All mounting holes are Ø5mm.

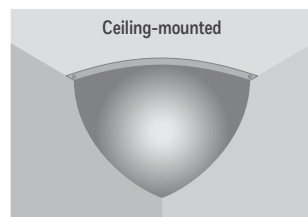

Full Dome

Half Dome

Quarter Dome

INSTALLATION GUIDE

- Choose a location that provides maximum visibility.
- Dome cap screws are supplied for direct wall or ceiling mounting. Use the rubber washers provided when fixing the screws to prevent damage to the mirror.
- If suspending, use the suspension kit supplied with the Full Dome. NB: Ceiling hook not supplied.
- Once installation is complete, fully remove the protective film from the mirror surface.

CLEANING GUIDE

General Cleaning

Clean with soap and water using a soft, lint-free cloth. For a clear finish, apply a non-abrasive polish (e.g. Johnson's Pledge, Mr Sheen). Wipe with a polished cloth, then buff dry with a clean cloth.

Graffiti Removal

Remove graffiti within 24 hours. Use a non-abrasive cleaner (e.g. De-Solv-It).

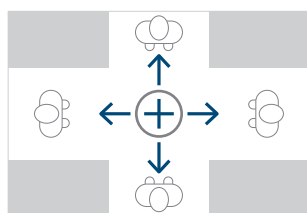

Scratches and Blemishes (Acrylic Only)

Use the NOVUS Plastic Polish range: #1 for cleaning; #2 for fine scratches; #3, then #2 and #1 for heavy scratches.

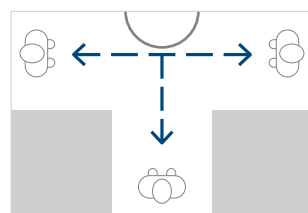

Do not use abrasives, acids, or solvents (e.g. petrol or lacquer thinners).

VISIBILITY & POSITIONING

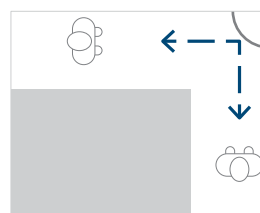

Full Dome 360°

Half Dome 180°

Quarter Dome 90°

Options

Code	Description	Size (mm)	View Distance	Mirror Face	Fixing type	Mounting Holes
1510-003	Full Dome Mirror 360°	Ø600	Up to 6m	2mm Acrylic	Suspension Kit (Hanging) and Dome Cap Screws (Direct to Ceiling)	3 x Ø5mm
